Social Media & Electronic Communication Policy

Introduction

The use of digital and social media now enables better and more direct contact between St Erth Parish Council, parishioners and businesses that it serves, and the agencies it works and liaises with. Social media is a collective term for the ways to create and publish information via the internet and for the purpose of this policy refers to the Parish Council website, Facebook page and Twitter only.

This policy details how St Erth Parish Council will use social media to improve and expand the ways in which it communicates with its local residents, local businesses and various government agencies it deals with.

Social media provides an alternative channel to written correspondence, telephone and face to face conversation to enable the Parish Council to inform and respond to questions and queries raised by people who live in, work in and visit the parish. It also enables the Parish Council to deal more efficiently with the various agencies that deliver services to local people.

Use of digital and social media will form an integral part of how the Parish Council delivers its services in a way that improves communication between the Parish Council and the people, businesses and agencies it serves and works with.

St Erth Parish Council has a corporate presence on the web and an e-mail channel which it uses to communicate with residents, as well as those working in and visiting the parish. The Parish Council will always try to use the most effective channel for its communications, and the Clerk and/or Members may ask for a preferred channel of communication. Over time the Parish Council may add to the channels of communication that it uses as it seeks to improve and expand the services it delivers. When these changes occur the Social Media Policy will be updated.

Instead, direct contact should be made with the Council's Clerk and/or members of the Council using the [contact information](#) on our website. However, the Parish Council will endeavour to ensure that any emerging themes or helpful suggestions are passed to the relevant people or authorities.

The Parish Council's response to any communication received not meeting the above criteria will be to either ignore, inform the sender of this policy or send a brief response as appropriate. This will be at the Parish Council's discretion based on the message received, given limited resources available. Any information posted on the Facebook page not in line with the above criteria will be removed as quickly as practically possible. Repeat offenders will be blocked from the Facebook page. The Parish Council may post a statement that '*A post breaching the Parish Council's Social Media Policy has been removed*'. An 'out of office' message should be used when appropriate.

The Clerk is responsible for dealing with email received and passing on any relevant mail to members or external agencies for information and/or action. All communications on behalf of the Council will usually come from the Clerk, and/or otherwise will always be copied to the Clerk. All new emails requiring data to be passed on, will be followed up with a data consent form for completion before action is taken with that correspondence.

Individual Councillors are at liberty to communicate directly with parishioners in relation to their own personal views and, if appropriate, copy to the Clerk. NB any emails copied to the Clerk become official and will be subject to The Freedom of Information Act.
